Cyber >>> Safety Tips

Never share your password to anyone.

Keep your passwords safe. Use a secure and reliable password manager.

Use a secure VPN connection.

A Virtual Private Network (VPN) will ensure your anonymity on the internet.

Be careful of what you post.

Remember: what you post on the internet will stay there forever.

Practice safe browsing.

A single careless click can expose your sensitive information. Think before you click!

Be careful of what you download.

Avoid downloading apps or software that look suspicious. It may result in malware.

Stay safe online!
